Business Leadership and Entrepreneurship Summer Camp

July 16 to 29, 2017

Southern California (Los Angeles/Irvine Region), USA

The prestigious American Entrepreneur Academy (AEA) www.americanentrepreneuracademy.com in Southern California hosts an annual international summer business academies focused on teaching business principles, leadership development and entrepreneurship education. There are three summer programs held in July for international students: 1) college students (College Entrepreneur Academy) 2) high school students (Teen Entrepreneur Academy) and 3) middle school students (Kid Entrepreneur Academy)
The summer camps are held in the City of Irvine (the safest city in America) www.cityofirvine.org on the campus of a private university-Concordia University Irvine www.cui.edu.

AEA hosts its annual two-week summer cultural education and business leadership academy for international students **July 16 to 29, 2017**. The program is a Cultural Immersion, College Study Tour, Business Leadership and Entrepreneurship education program established in 2011. The Academy Founder is also an Entrepreneurship Instructor & the Dean of the School of Business at Concordia University Irvine. More than 400 teenagers have participated in the summer education program. International students live on the university campus. Classes & training include American history, English language, politics, leadership, creativity, business principles, entrepreneurship, business start-up and growth strategies. The Academy experience includes visit **four of the top 25 universities in America:**

1. California Institute of Technology (Cal-Tech)
2. University of California, Los Angeles (UCLA)
3. University of California, Irvine (UCI)
4. University of Southern California (USC)

The program includes activities with American students and a meeting with the Mayor of the City of Irvine. The business leadership and entrepreneurship training program includes hands-on classes in creativity, innovation, budgeting, finance, start-up strategies, business planning, public speaking, marketing and sales. Students work in teams of four to create real business plans and a 12-slide Investor PowerPoint presentation. University professors teach classes including a Distinguished Professor of Business and Entrepreneurship from the number one private university in America, **Princeton University** Professor Dr. Derek Lidow. Entrepreneurs also serve as guest speakers and company tours are included. Student teams present their new business idea to business leaders for review. The best business plan team wins $1,000 USD in the summer International Business Plan competition. Also includes tourist trips to California Science Museum, Disneyland, City of Los Angeles, Beverly Hills (Rodeo Drive), Universal Studios, Hollywood, Santa Monica (Silicon Beach) & Newport Beach.
